PRICE: RRP 79.95

PRODUCT INFO:

- Classic Look
- Low Profile Pocket for memory cards
- Easy Swivel for quick shots
- Securely holds camera via tripod mount
- Padded Shoulder strap for comfort

REVIEW:

Ever had a sore neck after a days travelling with a digital SLR camera? Or had it in the bag and not enough time to get it to capture that shot? Then you need one of these. Fastening securely via the tripod mount on the bottom of your camera and attached with a secured hook the camera sits comfortably on the hip across your body. The fast action sliding mechanism enables you to quickly access your camera to take the shot. You can purchase these in male and female versions.

Pros:

- Folds up easily for storage
- comfort strap that doesn't hurt your neck
- quick sliding mechanism
- secure hook so camera is safe
- storage for memory card
- easily adjustable

Cons:

- You can't have your camera strap on at the same time
